

RATT ALERT!

RATT observed at Fresno District Office on 4/20/09, sparking a massive CWA Black Balloon Rodent Hunt. A scurrilous critter, known to travel by corporate jet and frequent country clubs; he is wanted in 22 states for corporate greed, customer abuse, and gambling with grannies' benefits. Approach with extreme caution! He bites and has a vicious swing, (hooks to the right). Please post until the scoundrel is brought to justice!
