

March & Rally

for Middle Class Jobs

April 24, 2009

12:30 - 3:30 p.m.

***Join the Communications Workers of America
In A Call For Good, Middle Class Jobs.***

***AT&T, the largest unionized,
private-sector employer in the nation
is hugely profitable, yet they are
shamelessly trying to cut employee
health care, retiree benefits and
outsource good local jobs.***

***Following the L.A. County Federation of Labor's Town Hall on
Veteran's and Good Jobs with Secretary of Labor Hilda Solis at
Union Station from 10 a.m. to noon, we'll march to a nearby AT&T
facility at 433 So. Olive St. We'll rally to send a message to AT&T
to stop the attacks on the middle class and live up to their
commitments to their employees and our communities.***
