President

CWA Rally Local 9400

Come out and support our Prem Techs.

- Techs are suffering under mandatory overtime with forced 6 -day work weeks.
- Prem Techs have no provisions for double-time.
- Prem Techs are being paid sub-standard wages
Prem techs are working as terms-they are not permanent Employees

We need to lift this title up and make these term jobs-permanent jobs, with job security, good working conditions, and full benefits.

Now is the time for all AT&T union members across the country to get ready and fight for a fair contract!
